

July 22, 1942.

Mr. A. E. Sixsmith,
1207 Walnut St.,
Philadelphia, Pa.

Dear Sir:

I am answering your letter of July 9th in which you quoted figures of shipments to me as you have them recorded. It is a question in my mind about one gross of balls, as I explained to you in previous communications. You sent me a copy of the ~~Bill~~ of Lading of the Penna Railroad, and I am writing to ask you please to have the Freight Agent of the Company send a copy of the Way bill number and date. I am trying to find out who signed for the receipt of the package. The office here in Newark informed me, in order to trace the receipt of the package, it was necessary to have this paper.

I am sorry to be holding up payment of this bill, but I am sure you want me to be completely satisfied we received the merchandise. As soon as you get this paper to me, I will again contact the Railroad Company here and get the information I want.

Thanking you for your cooperation. Sorry to be causing so much trouble.

Very truly yours,

EM:CCJ
